## With a lot of help from family...

**K**athy Rand's new home came together in just about 7 months. Many have commented it is the speediest new home construction in Rye.

The home, conveniently situated near friends and family, features wide pine flooring, Young pine cabinets, a custom-designed fireplace mantle, and large windows for maximum sunlight.

The congratulations for a job well done go out to many (see list at right), but at the top of the list are contractors Jeff, Kevin, Ryan and Adam of Knapp Builders.

Kathy found plans for the home in a magazine and Jeff customized them to fit her needs. To achieve a country feel, Kathy chose wide pine flooring from Rand, and completed the living room with a V-joint pine ceiling, and an 8" square pine beam stretching across the room to hold her basket collection for all to admire.

Rand not only supplied the wood for the home. They also supplied 99% of all the building materials used in construction, including Kohler fixtures (a new service since 1999) and Brockway Smith doors and windows.

The focal point of the living room is without doubt the fireplace, which Kathy will surely use extensively this upcoming winter. To enclose the fireplace properly, Kathy found a mantle she wanted in a magazine. Jeff chose in stock Brosco mouldings from Rand's selection to perfectly match the design Kathy wanted.

Kathy moved into her new home in early November. Not only has she gained a warm and friendly place to call home, she has adopted a new extended family with the great appreciation for all who helped make her dream come true.

### Just Like Family... The Contractors Who Built Kathy's Dream Home
