Ken Rand: on a Mission to Make a Difference

This summer, Ken Rand completed his third trip to Ethiopia, working for two weeks to help the native people better their lives, improve their quality of education, and secure their supply of fresh drinking water.

Ken used his accumulated yearly vacation time for the trip. He and 15 other seacoast residents left on August 15th for their journey. Prior to that day, they all had prepared both spiritually and physically for this challenging mission work. They also had

Yellow Fever and Hepatitis B shots to minimize the risk of getting ill while there.

Rand Lumber Company participated by donating tools, screws and fastener for the construction aspect of the project.

The trip, organized by Bethany Church of Greenland, was paid for through sponsorship letters sent out in the months prior to the trip. The trip is a part of "Project Mercy" whose mission is to provide water, food, schooling and hospitals to underprivileged countries.

It has been a humbling experience to provide basic necessities to families who have so little. It makes one realize how much we have that we take for granted.

—Ken Rand

While in Ethiopia, the group stayed in silo-shaped huts. Their meals consisted of traditional Ethiopian food prepared by the natives of the village, such as Angara and Wat.

In all, the group completed the installation of a new freshwater pipeline, worked in painting classrooms, and cleaning.

If you would like more information on participating in a future trip, contact Bethany Church in Greenland.

New Year, New Trucks on the Road to Serve You Better

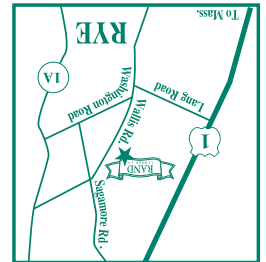

To serve you better, we have added two trucks to our fleet. Our boom truck's 29 foot reach can easily lift building materials to second stories. Our four-wheel drive dump truck is perfect for delivering shavings, mulch or small loads of lumber.

Thank You for your generous contributions to our Toys for Tots Campaign over the holiday season...
Thanks to you, we were able to donate more than ever!
